

We are so glad that you will be giving Sweetwater Cottage a try and we are so excited to be hosting you. **Make sure you plan on getting there before dark!** The area can sometimes be darker than a coal mine. The only light you will have is what you might bring with you (vehicle, flashlight, cellphone, candles, Bic Lighter, etc.)!!

Special Note to Wives – Important!!! Please keep this paper handy because your husband will insist on using the GPS which will take you down a really bad road.
